ACTION ITEMS

OLD BUSINESS

a) **Technical Committee Updates**

Mr. Gregg informs the committee that Max Schonberg is working on improved, as well as additional, functionality for both the public and internal maps. There will be an effort to coordinate map templates so internal and external maps share a consistent look/feel. Additionally, the number of maps offered will decrease as the consolidation progresses, reducing confusion amongst users and making maintenance easier internally.

b) **Upgrades: Server & Software**

Mr. Gregg informs the committee that because we have a cash surplus we are hiring a third-party consultant, that we have used in the past, to perform an Ersi software upgrade.

c) **Greater Rockford Airport Authority Membership**

GRAA reached out to WinGIS to inquire about joining. The Technical Committee suggested offering them the opportunity to become a 1% member, much like RPS 205 or Rockford Township Assessor.

NEW BUSINESS

OTHER MATTERS

Mr. Gregg informs the committee that Gracey Garner is no longer with the R1PC, but Sam Knaup has been hired to assist, and eventually take over, Sarah's 911 responsibilities.
